

# RoY Communities that Care Coalition

# Newsletter!

## 12 Sectors

Happy February friends! We are currently looking to fill open positions on our Key Leader board!

As a coalition, we strive to have representation from all areas of our community and we need to fill roles in the following areas: **Media; Religious/Fraternal Organizations; Civic/Volunteer Groups; and Healthcare Professionals.**

If you or anyone you know is looking to get involved in their community and make lasting change, this is it!

**We want you** to be part of this amazing and growing coalition. Every voice matters in the work of prevention.

Contact us today to see how you can make a greater impact in your community!

## Member Recognition

Brent Hinsley is the Community Engagement Coordinator at the [YCC Family Crisis Center](#). His primary role is heading up the Prevention Program, which goes into junior high and high schools throughout Weber County to teach students about healthy and unhealthy relationships.

Brent has been working for the YCC for over seven years, has his Masters degree from Biola University and is also certified in QPR Suicide Prevention. Brent is passionate about giving students a strong sense of self-worth through fun activities and education. Thanks for being part of the CTC!

## Upcoming Events

# RoY Communities that Care Coalition Newsletter!

## Winter Summit

We went Back to the Future with [Weber Human Services](#) at the 2025 Winter Summit!

Coalition members had the opportunity to learn about emerging trends, how to influence policy, and how we can make positive and impactful changes in our own communities.

### Observational Study

A few of our Youth Council students toured several local convenience stores to gather data on the accessibility of alcohol and tobacco products to underage youth.

## CADCA 2025

"CADCA was an experience like no other! Being able to connect with youth that have the same goal in mind was huge! My experience while at CADCA...made me realize how much the youth need us. CADCA also brought to my attention the importance of keeping our youth engaged within our community." - Alana Dohle

"It was amazing! I'd go back in a heartbeat! The trainings I went to didn't just apply to the coalition, but to other parts of my life." - Ashley Maynard

## Youth Council

Our CTC Youth Council has been busy - from developing pro-social norm campaigns, representing the Roy CTC at Capitol Hill, and meeting with Council members in

Washington, D.C., these youth are amazing! Our youth are developing skills, learning how to be future leaders, and advocating for their peers and strengthening their communities.

### Positive Social Norms Campaign

Not in their lifetime! <<<

Survey Says... In 2023, 82% of Roy Cone Youth reported they have never used a vape product in their life.

Youth NOT vaping is steadily increasing. It was 67% in 2019. (SHARP 2019 & 2023)
